The Sycamore Fire Department in Sycamore, Illinois was the recipient of a \$1,500 Community Investment Grant from local energy transportation Company Enbridge. The Grant Funds donated to the Sycamore Fire Department will support the funding of specialized emergency rescue response equipment that will enhance the Fire Department's response to technical rescue incidents.

On January 10, 2020, representatives from Enbridge presented the Sycamore Fire Department with a check for \$1,500 for the purchase of technical rescue equipment. The Sycamore Fire Department is extremely grateful of the support of Enbridge.

The Sycamore Fire Department is very appreciative of the continuing support of Enbridge for enhancing the Fire Department response capability.

Enbridge Inc. is North America's premier energy infrastructure company with strategic business platforms that include an extensive network of crude oil, liquids, and natural gas pipelines, regulated natural gas distribution utilities and renewable power generation. The company safely delivers an average of 2.9 barrels of crude oil every day through its Mainline and Express Pipeline, and accounts for nearly 65% of U.S. – bound Canadian crude oil production, and moves approximately 20% of all natural gas consumed in the U.S. serving key supply basins and demand markets. Enbridge also has interests in more than 2,500 MW of net renewable generating capacity in North America and Europe. The Company has ranked on the Global 100 Most Sustainable Corporations index for the past decade.
