Dear Resident,

The \_\_\_\_\_ County of DeKalb \_\_\_\_\_ will be performing asphalt maintenance on your \_\_\_\_\_ county \_\_\_\_\_ streets. Please be advised that the contractor, Corrective Asphalt Materials, LLC (CAM, LLC), is scheduled to do work on your street.

Consequently, there will be:

**No On-Street Parking from  
May 20, 2019 through May 27, 2019**

**Between the hours of 7:00 AM until 6:00 PM**

(Please be aware that this treatment is weather dependent, if the forecast calls for rain, operations will be delayed)

If you have a lawn sprinkling system that sprays or drains onto the street pavement you should turn it off for the day in which work will be performed on your street and one day following the treatment. Also please refrain from discharging your sump pump onto the street during this time.

These agents are environmentally safe and extend the pavement's life. A bug and tar remover (available at any local auto parts store) will safely remove any material on your vehicle, the sooner the easier it will be to remove. Please work with us through any inconveniences during the application process.

**\*Please see the reverse side for a list of streets as well as some frequently asked questions regarding the application**
